## WELCOME

Dear Colleagues,  
Dear Friends,

We have the honour and the pleasure to welcome you to participate to the 32<sup>nd</sup> Annual Meeting of the European Society of Head and Neck Radiology in the magnificent city of Cinisi, located in the province of Palermo, Sicily.

Since 1988 the ESHNR organises an Annual European Meeting to provide teaching to those involved in treating patients with diseases of the face, the neck, eyes and ears, skull base and cranial nerves, to advance knowledge in diagnostic and interventional Head and Neck radiology and to foster continuing development of Head and Neck radiology as a science. The ESHNR 2019 meeting builds on the spirit of previous years and will offer keynote lectures on cutting-edge topics, followed by new knowledge in form of scientific abstracts from colleagues all over the world.

On behalf of the Organising Committee we wish you a memorable meeting!

**Prof. Antonio Lo Casto**  
ESHNR 2019 Congress President

We're looking forward to welcome you!
